Boston Herald, February 29th 1880.

A panoramic view of New York, Brooklyn and Vicinity has been published in a series of photographs by WITTEMANN BROS., which surpasses anything of the kind we have ever seen. The great city and its suburbs are all brought before us in a bird's eye view, as seen from the water, with its wharves, storehouses public buildings, shipping, etc., so fully and completely as to leave nothing desirable to complete the accurate picture of the commercial metropolis and its surroundings. The work is a perfect marvel for the fidelity with which the artist has copied the city and its surroundings as they are, and may be regarded as the greatest triumph of the photographic art that has ever been achieved.

New York Evening Post, March 21st, 1881.

WITTEMANN BROTHERS have issued a particularly good album of views of this city. The views are produced by a process of engraving and printing from stone. The points photographed are well chosen, and any person having looked through the album would have a very good general idea of New York city.

Richmond, Va. Standard, Oct. 8th, 1881.

These pictures have the appearance and fidelity of photographs, with the advantage, however, of positive durability. The enterprise evidenced by Messrs. WITTEMANN BROTHERS in their beautiful and entertaining productions is highly laudable and meritorious.
